## **Farm to Fork (4-Day)**

Campers in collaboration with Marathon Master Gardeners will explore gardening, pollinator-friendly projects, and a farmers market experience, all while learning how food grows and how to create their own mini gardens.

## **Marble Maze**

Campers will design and build their own creative mazes using pizza boxes, then head to Polito's Pizza for a behind-the-scenes tour and a delicious lunch!

## **Robot Racers**

In Robot Racers, campers will design and build their own obstacle courses, then program Indi Robots and OzoBots to race through them. It's a hands-on, high-energy experience full of coding, engineering, and thrilling robot races!

## **Science of the Slide**

Campers will explore the physics of curling, from how stones glide, to the impact of sweeping, with hands-on activities like 3D printing mini curling stones and creating a synthetic ice curling sheet, then team up for a mini curling competition!

## **Marshmallow Mania**

The Imaginarium and The Pinery are partnering up to bring you a sweet and hands-on adventure! Campers will engineer solar ovens, explore kinetic energy and chemical reactions, and enjoy a marshmallow-themed drink. It's a gooey, giggly, genius-filled experience!

## **Science of Baseball**

Explore the science behind baseball with hands-on experiments, plus meet the pros in this exciting partnership with the Wausau Woodchucks! This full-day camp blends STEM and sports for a home run of a day!
