

Children's Imaginarium

A MUSEUM FOR KIDS

# FIRST GRADE FUTURES

**Did You Know?**  
**THERE ARE 1,400 FIRST GRADERS IN MARATHON COUNTY?**

## EXCLUSIVE FIELD TRIP PACKAGE

**Experience a one-of-a-kind opportunity!**

First graders who reside in Marathon County will get to choose an exclusive lesson to guide their exploration during their museum visit.

## CHOOSE A LESSON

### OPTION 1: SOUND WAVES

**Objective:** The learner will observe how sound waves can be seen in a physical environment.

**DPI Standard:**

**SCI.PS4.A** - Students use science and engineering practices, crosscutting concepts, and an understanding of waves and their applications in technologies for information transfer to make sense of phenomena and solve problems.

**SCI.PS4.A.1** - Sound can make matter vibrate, and vibrating matter can make sound.

### OPTION 2: ENGINEERING

**Objective:** The learner will construct a maze, with a path and obstacles, to get the object to move from start to finish.

**DPI Standard:**

**SCI.ETS1** - Students use science and engineering practices, crosscutting concepts, and an understanding of engineering design to make sense of phenomena and solve problems.
